a quick note about 2021

The team at ByKids4Kids is so excited to report about another successful year in the books! Throughout 2021 our team of youth leaders created a wide range of amazing projects and programs. We continued our virtual reading buddy program, hosted several cooking classes via Zoom, and coordinated multiple necessities drives all benefiting our community.

We look forward to offering these same opportunities in new and fun ways in twenty-twenty two.

on the horizon: **Tedx Youth**

A Youth Leadership Event

Description: **Tedx Youth** is an Ann Arbor community initiative set up by youth. Our vision is to showcase Ann Arbor area youth speakers. Middle Schoolers and High Schoolers share thought-provoking ideas for transforming the world.

What is TEDx? A **TEDx** event is a local gathering where live TED-like talks and performances are shared with the community. Tedx events are fully planned and coordinated independently, on a community-by-community basis. The content and design of each TEDx event is unique and developed independently, but all of them have features in common.

To learn more about participating in the event please contact Shyam Pandey at shyampandey@bykids4kids.us.
